

Logging Volunteer Hours Helps HSC

- 1) Once you have been scheduled to begin volunteering, refer to your initial email from Volgistics (the software HSC uses to support volunteer management) to find a link for logging into your volunteer account.
- 2) Use your email address to log in.
- 3) Create a password and write it down in a safe place.
- 4) Please, make sure to log into your account before and after each shift.
- 5) If you cannot find a link from Volgistics or any other information you need to log your hours, please contact Sarah Michels for assistance:
smichels@santacruzhs.org

We so appreciate your support!
